

Travel and Packing Tips for Students

Luggage and Packing

You are allowed one piece of luggage on the equipment truck and one carry-on bag for the flight. Plan on using a backpack as your carry-on item. Luggage on the truck cannot be more than 45 linear inches or 40 lbs. Performers are also allowed an instrument case with any necessary equipment. All of these items are your responsibility through the duration of the trip. You will need to be sure that your items are placed in the correct loading areas so they get placed on the bus. Each bag and instrument case should be clearly marked with your name for easy identification. Remember, what you pack is what YOU have to carry! Also, please remember to bring the keys if you lock your luggage or instrument.

What to Pack in your backpack carry-on

- | | |
|---|---|
| <input type="checkbox"/> ID If 18 or older: must be a state issued ID | <input type="checkbox"/> fresh shirt (just in case) |
